

# PACKAGING & LIGHT ASSEMBLY

*Creating Employment Opportunities  
for Pennsylvanians with Disabilities*

## We can help you get your goods together.

Have products on hand that need some finishing touches? Our team of experienced specialists can cost-effectively custom package or rework them to your specifications. We can blister, shrink and skin package, hand package, or heat seal. We also can weigh, count and bag if you require this service.

### The services we offer include:

- ◊ Custom Packaging
- ◊ Shrink Wrapping
- ◊ Blister Packaging
- ◊ Bagging and Heat Sealing
- ◊ Carton and POP Display Production
- ◊ Light Assembly
- ◊ Fulfillment
- ◊ Kit Assembly

## We have a unique mission for meeting your business needs.

Our services are provided by fully trained professionals with disabilities, and your contract with us helps provide employment opportunities for them.

Many studies have shown that employees with disabilities have lower absentee rates than their non-disabled coworkers and exhibit a more positive attitude in the work place. They're dependable and trustworthy.

That's why packaging and light assembly services from UniqueSource have gained a strong reputation among its customers for its commitment to quality.

## What can we do for you?

Contact us today to see how packaging and light assembly services provided through UniqueSource we can meet your needs.
